Find it!

Listen to your teacher.

Point to green. Then point to purple.

Use all eight words from slides 3–6 if you need them.

Remember without looking

No picture clues this time.

Close your eyes. Name four colours.
Can your partner add two more?

Which one does not belong?

Give a reason.

red	blue	chair	yellow

I think ... because ...

Talk with a partner

Take turns. Then change roles.

A: What colour is your pencil?
B: It is blue. What colour is yours?

A2: Describe an object using two colours.
Ask: Is it light blue or dark blue?

Make a small plan

Choose. Explain. Ask a question.

Design a flag with three colours.
Tell your partner what to draw.

Your turn — on your own

Write or say your answers.

1. Write three colour words.

2. Describe one object in the room.

3. Ask one colour question.

Check and explain

More than one personal answer can work.

Recognition: green, then purple.
Odd one out: chair.
Flag and personal answers: accept any clear colour description.

Odd one out: chair — the others are colours.
